

## **Chiropractic Care in Bloomington, MN: Personal Injuries**

### Chiropractic Care for Personal Injuries Bloomington MN

Have you experienced a personal injury? Are looking for chiropractic care to help correct and return your quality of life? If so, AdvaCare Clinics, located in Bloomington, MN is the clinic for you. The amount of stress after falling victim to personal injury can be overwhelming – all the paperwork, documentation and doctor appointments can make your life seem like it's not your own anymore. This is exactly why AdvaCare is dedicated to ensuring you get the best and highest variety of healthcare treatment options, without the stress of insurance claims, paperwork and lengthy calls. Yes, our office is trained, educated and experienced so you won't need to worry about dealing with insurance companies. This is your time to focus on recovery, not the legal mess caused by a personal injury.

### Keeping your Personal Injury Recovery Simple

Our professional healthcare office keeps extensive, documented records of your health and treatment for insurance and legal purposes. We'll file insurance claims and follow up with them. Your main responsibility is to focus on your treatment. Along with chiropractic adjustments, our outpatient healthcare facility has a variety of other treatment options, all under one roof, which are far more extensive than pain killers and a brace. At our Bloomington healthcare clinic we offer: **Chiropractic Care, Physical Therapy, Non-Surgical Medical Procedures, Acupuncture, Massage Therapy and many more Holistic Treatments.**

### **Common Personal Injuries:**

- Automobile Accidents
- Slip and Fall
- Defective Product
- Sport Injuries

### The Sooner you Receive Chiropractic Treatment the Better

Any type of dangerous condition can lead to a personal injury that needs to be addressed medically. Our healthcare clinic finds the underlying issues and corrects them to prevent debilitating pain from happening, progressing and consuming your life. The longer you wait to get treatment the more extensive the damages could be. Our office offers gentle, hands on chiropractic adjustments to properly realign the spine and relieve your discomfort.

## Customized Treatment Plan

Diagnosing the damage that has occurred in your body, due to the personal injury, is the first crucial step to a speedy and more complete recovery. Our office utilizes advanced technology with experienced healthcare professionals to ensure your diagnosis is correct and the treatment plan customized for you is your absolute best option. Our passionate team of professionals are determined to see you succeed!

## Assist your Body's Natural Healing Process

Chiropractic Care works with your body and encourages the healing process that naturally occurs within. Our office usually integrates multiple treatments, though Chiropractic Care is vital to your recovery, we also know that the benefits multiply when a complete recovery program is established and followed through; which may include a variety, such as physical therapy, exercises and massage.
